

Sunscreen Release Form

During the summer months or when it is sunny during the school year, the After School staff often apply sunscreen to children to protect them from sunburn. The State of California requires us to get permission from each parent prior to administering sunscreen to any child. Please complete the form below and let us know whether or not we can include your child in the sunscreen process. If your child has a PABA or other allergy and requires specific sunscreen (that you provide), please indicate that requirement below. Thank you for your time and consideration.

I give permission for After School to put **ANY** sunscreen on my child.

or

I give permission for After School to put **ONLY** the sunscreen I provide on my child.

or

I do **NOT** give After School permission to put sunscreen on my child.
